

**My Name Is:**

**\*MARSHMALLOW**

**I am a neutered black & white pit bull. My friends at the shelter think I am about 2 years and 11 months old. I came to the shelter on 7/11/2015.**

Marshmallow is sugar-based; he is all fluff and no fillers. Marshmallow LOVES to be with his people. He loves going for walks, which is a good thing because he needs a little more exercise in his life (he could lose a few pounds, but who couldn't?). He is sweet as can be, has good manners, and is eager to learn. Marshmallow is dog-social and kid-friendly and he could live with a dog-savvy cat. Want to add a little extra sweetness to your life? Come meet this big hunk today. Marshmallow is available for \$25 plus dog license if applicable.

M15-305832	25-Aug-2015	WEB	<p>Notes:  Assessed with Shadow (adult neutered male) and they were bouncy and playful. They straight armed one another reciprocally and tolerated bursts of energy well.</p> <p>Ok with: male dog  Play style: bouncy and playful  Ok with Cats? He may do okay depending on the cat. If it is a dog savvy cat like Kuma with a proper on-leash introduction. Then they could do well. He did have interest initially in the cat but learned to leave him alone.  Ok with Other Dogs? Yes</p> <p><b>DO NOT RECOMMEND TO TAKE TO DOG PARKS</b></p> <p>Marshmallow is sugar-based; he is all fluff and no fillers. Marshmallow LOVES to be with his people. He loves going for walks, which is a good thing because he needs a little more exercise in his life (he could lose a few pounds, but who couldn't?). He is sweet as can be, has good manners, and is eager to learn. Marshmallow is dog-social and kid-friendly and he could live with a dog-savvy cat. Want to add a little extra sweetness to your life? Come meet this big hunk today. Marshmallow is available for \$25 plus dog license if applicable.</p>
M15-307023	05-Sep-2015	BEHAVIOR	<p>09/05/15 On 9/3/15, I was walking through the kennel with my 2 year old daughter. She was approximately one foot from Marshmallow's kennel and he was staring intently at her, stiff body posture barking. He may be fine outside the kennel, but I certainly feel that advertising him as kid-friendly could be dangerous. mmp</p>
M15-307459	09-Sep-2015	BEHAVIOR	<p>Brian Whipple, James Dress and Megan Alexander met to discuss Marshmallow's child age restrictions. Brian Whipple decided that he felt children 10 years old and up depending on the introduction was an appropriate age for Marshmallow adoption requirements. 570</p>
