

Featured Adoptable Dog - Arnie

"Kindness is the language which the deaf can hear and the blind can see." - Mark Twain

Published: August 7, 2016

Arnie was laying in the warm sunshine and when we approached his tail just naturally began to wag...he couldn't even see us and his tail was wagging like that...We said his name and this very sweet boy lifted his head up to greet us and our hearts nearly exploded - those eyes, those ears, that sweet smile!

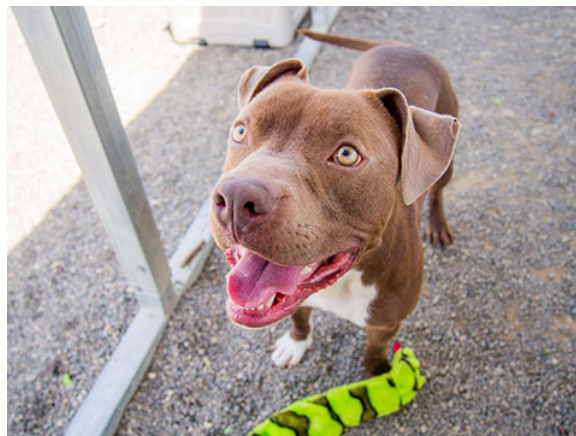

Arnie is certainly one very special boy. When he first arrived at the shelter in late November, Arnie was not sure about his surroundings; he was experiencing kennel stress and some leash frustration. With a lot of work, a lot of love and a lot of kindness, Arnie has come so far! Today, he walks well on a leash and knows his basic cues like sit, lay down and wait at the door or gate.

Arnie would make a truly wonderful companion. Arnie loves going to Kings Kastle each week to enjoy the playgroups with other dogs and have we mentioned how much he enjoys rides in the car? Arnie joins us on our group pack walks and is the rock star of our group!

Arnie is a neutered male, brown and white American Staff Terrier who is approximately 2 years & 2 months old. He weighs approximately 58 lbs & has been at the shelter since 11/25/2015. ID A329869.
