The household, as recently as January, had three pit bulls it appears, not just two. On the left is Kash (MHK'S JOHNY KASH), close in age to Niko and 135 pounds. On the right is Niko and in front is the female pit bull named Khloe. A third pit bull is not mentioned in any news reports.

Hashtags are at the bottom in pink type, #pitbulls. Note the comment by the owner, "Just trying to show the world you can be a dog advocate and still do breeding Responsible breeding." 5-months later, Niko will suddenly attack and kill a little girl and get gunned down by police, 13 bullets were fired into the dog before it finally died.
