Chad is the "total package". He is such a sweet boy! He walks well on a leash, does not pull. When offered a treat, he accepts it gently. While around other dogs, he is curious but non-reactive. He is playful but is unsure what to do with a ball or toy. Maybe you could show him how to play? He is still young but out of that crazy puppy stage. He is also a good looking dog, just look at that face (those eyes). Wouldn't you love to see that sweet face when you get home every day? Please stop by and bring him home, before someone else does. He's waiting for you.

Kojak is a happy boy with a sweet smile. When you look at him, you can't help return that smile. He responds to treats so that will be helpful when teaching him new things. He is a strong, energetic boy so a harness is recommended. He would do best with an experienced dog owner as he needs to learn good doggie manners. When you scratch his head you will have his full attention. Please stop by the shelter and meet your new best friend.

Sonja loves tennis balls. She will lay down next to you and play with her ball until you trade for a treat. She can entertain herself so she won't need constant attention. She is a strong girl that tends to pull so **HARNESS ONLY** please. Sonja responds to treats so training her should be easy. She would probably do best with an experienced dog owner. Sonja has been at the shelter since May. Please stop by the shelter and give her a chance.
