## Featured PETS

### CARLOS

Two things are missing from Carlos' life: his right front leg and a kind someone to offer him unconditional love. Carlos was brought to the shelter as a stray with a severely injured leg in need of amputation. It's been two months since his surgery and this handsome one-year-old is adjusting to his disability.

Carlos is currently staying in a cat colony with several feline roommates, but it's human love he is really after. Living life on three legs doesn't stop this affectionate fellow from stretching up on your chest with his one leg and snuggling in close for attention. He announces his appreciation for your love by constantly purring and rubbing for more. Already neutered and litter box trained, all Carlos needs now is a special person who can provide him a safe place to fall as he gains balance in his new home.

### LUCY

Lucy is a 3-month-old Mini Lop rabbit with a sweet and tranquil personality. She is content to have her feathery soft, black fur stroked and she enjoys being held.

In her previous home, Lucy spent the warm days hopping around the garden in the safety of a harness and leash. Quite the lady, Lucy has also been trained to use a litter box. This sweet little bunny looks forward to indulging in your loving touch every day, exploring a new garden and enjoying plenty of tasty things to nibble on. Give sweet little Lucy the chance to hop into your lap and put some spring in your life today.

### TIGGER

Spring is in the air and Tigger is ready to bound into a new life at your side. This handsome 8-year-old displays a beautiful tiger-striped coat and a happy disposition. He is quick to greet his human visitors with a friendly meow and he loves to indulge in a loving petting session.

In his new home, Tigger looks forward to enjoying a leisurely breakfast before scoping out the best napping spot in the house. He is litter-box trained, neutered and front-declawed. Last month, he and his brother Mickey were left behind when their family had to move without them. Spring is the time for new beginnings though, and Tigger is hoping his is just around the corner.
